abpro-labs.com
(617) 225-0808

DiversImmune™ discovery platform delivers antibodies against difficult targets and preclinical in vivo services in toxicology and pharmacology.

bioconcept.com
(603) 437-4990

Formulation Development and Sterile Clinical Manufacturing for Ophthalmics and Injectables.

cambridgebiomedical.com
(617) 456-0700

Specializing in bioanalytical assay development, optimization validation and sample testing.

curirx.com
(978) 658-2962

Provides product development services for biologics and pharmaceuticals.

lyophilization.com
(603) 668-5763

Produces parenteral liquid and lyophilized materials for commercial use and clinical trials.

avecia.com
(508) 532-2500

Specializes in oligonucleotide production, and complex small molecule synthesis in two separate facilities (Milford, MA and Cincinnati, OH).

purehoneytech.com
(978) 461-4760

Mass spectrometry technology for the screening of biochemical assays used to search for lead candidates.

agiluxlabs.com
(508) 753-5000

Provides bioanalytical, In-Vitro-ADMET, In-Vivo PK and Pharmacology Oncology services.

bluestreamlabs.com
(617) 234-0001

Analytical laboratory specializing in recombinant glycoprotein and biologics characterization services.

isotope.com
(978) 749-8000

The world's leading producer of stable isotopes and stable isotope-labeled compounds.

deliveryscience.com
(860) 630-4525

Specializing in melt extrusion solubilization technologies for poorly soluble drugs

masy.com
(978) 433-6279

Help life science companies analyze and improve the quality of their research laboratories and production environments.

oraclinical.com
(978) 685-8900

A full-service ophthalmic clinical research and product development firm.

tgasciences.com
(781) 393-6910

Providing the Pharmaceutical, Biotechnology and Academic communities a range of lab services.

aphios.com
(781) 932-6933

Utilizes the SuperFluids™ technology platforms for discovery, nanotechnology drug delivery, and virus inactivation.

bostonanalytical.com
(603) 893-3758

Pharmaceutical testing for Development, Release Testing, Stability Testing, Analytical Testing, and Microbiology Testing.

ce3inc.com
(203) 404-7500

Specializing in oncology, anti-infectives, gene therapy and healthy volunteer clinical trials.

hepatochem.com
(617) 500-5285

Offers solutions for metabolite production, fluorination and catalysts screening.

medchempartners.com
(781) 676-2000

Offering expertise and laboratory services in the area of small molecule chemistry.

organixinc.com
(781) 932-4142

Provider of Research in Synthetic Organic and Medicinal Chemistry Services for all Structural Classes.

toxikon.com
(800) 458-4141

Partners with biotech, pharmaceutical and medical device industries to deliver exceptional product development from concept to final product.

bio-atr.com
(508) 733-8792

A translational biomedical research company assisting the transition from research into preclinical development.

boston-biomedical.com
(617) 674-6800

A clinical and regulatory consultancy that combines strategies for designing pre-clinical and clinical trials.

criver.com
(781) 222-6000

Products and services to pharmaceutical and biotechnology companies, government agencies and leading academic institutions.

dave_karasic@comcast.net
(781) 275-8059

Formulation development, analytical method development and technology transfer services.

mra-bact.com
(978) 263-2624

We offers personalized microbiology consulting, research and testing services to the health care industries.

pcisynthesis.com
(978) 462-5555

cGMP custom chemical manufacturer of New Chemical Entities (NCEs) and Active Pharmaceutical Ingredients (APIs).

veristat.com
(508) 429-7340

Supporting companies throughout the clinical trial process to bring novel therapies to market.

avericadiscovery.com
(508) 757-4600

Analytical development research organization with expertise in small molecule analysis and purification.

bostontrials.com
(617) 477-4868

Conducting Phase I-IV clinical trials for leading pharmaceutical and biotech companies

chemiclabs.com
(781) 821-5600

QC testing, CMC data, Extractables / Leachables, studies and Small Scale cGMP manufacturing.

launchworksm.com
(978) 338-3045

Comprehensive kitting services, chemistry formulation, logistics, material sourcing, package design and consultation.

neo-adventtec.com
(508) 970-4858

Offering drug formulation and analysis, operates a solid dose facility for the development of tablet forms and coated formulations.

phaseX4scf.com
(978) 794-8686

Development of products and separations processes using supercritical fluid technology.

xtalbiostructures.com
(508) 318-4673

Producers of high quality proteins through a platform of affinity-based biophysical measurements and high-resolution X-ray crystal structures.

berkshiresterile.com
(413) 243-0330

Formulation and filling services for vials, syringes and cartridges as well as analytical testing and stability.

brammerbio.com
(973) 393-2032

We are a flexible, best-in-class cell and gene therapy contract development and manufacturing organization.

creagenbio.com
(781) 938-1122

Medicinal chemistry, antibody conjugate chemistry services and incubator space for start-up companies.

laurussynthesis.com
(781) 305-4884

Synthesis labs to advance client concepts with world class manufacturing facilities.

nsfhealthsciences.com
(734) 769-8010

Founded in 1944, NSF's mission is to protect and improve global human health. Our role is to mitigate risk globally.

pion-inc.com
(978) 528-2020

We offer a suite of innovative instrumentation, assays and services for dissolution, solubility, permeability or ionization.

"I asked New England CRO/CMO to recommend a local Contract Manufacturer. Their extensive knowledge of New England CMOs and their particular expertise helped me pick the correct business partner for my project" - MA Biotech Company
